BURTON-TISDALE.

Mr. Geo. Tisdale of Blue Lick and Miss Rose Burton of Whites Station were quietly married last Wednesday evening at the bride's home. We wish the young couple a long and useful life.

BEREA CEMETERY ASSOCIATION.

The Berea Cemetery Association held its annual meeting last evening in the Parish House. The yearly reports were favorable. The Treasurer showed a cash balance on hand of \$234.46 and all bills paid. Matters were discussed and acted upon for the improvement of the cemetery, and its organization. Prof. L. V. Dodge is again in the ranks and takes his place among the interested citizens of Berea to make the resting place of our dear ones a place of neatness and beauty. Officers elected for the ensuing year were as follows:

Mr. T. J. Osborne, President.
Mr. W. F. Kidd, Treasurer.
Mr. J. W. Stephens, Secretary.
Mr. A. W. Titus.
Mr. J. A. Burgess.

GOOD ROADS.

The Governor's call for everybody to work on the roads next Friday and Saturday is meeting a fine response in Berea. The only danger is that many people will be struck motionless by seeing neighbors at work and will simply stand and look on with approval!

The Normal Department takes the dirt road from Silver Creek church house to Scaffold Cane pike and will show how a split log drag can put a dirt road in condition. The young men of each of the other departments will also be alive and make their mark on street improvements.

Citizens also are expressing their determination to put in good work. Good roads bring neighbors nearer together.

FOR MAGISTRATE.

Vote for D. S. Botkin, Independent candidate for Magistrate in District No. 6, composed of Blue Lick, Duncannon, Clay Lick and Berea.

Mr. Botkin is not in this race for personal advantages but at the invitation of his fellow citizens, who believe he will best serve the public interest of this end of the County. He pledged himself to work for improvement of Roads. His device will be the Road Roller. Look for it on your ballot before voting. (ad)

NEIGHBORHOOD GATHERING

The College invited the families of Berea and vicinity to a neighborhood gathering on the lawn in front of the chapel Saturday afternoon.

While the threatening weather was something of a damper and drove the crowd from the lawn to the shelter of the chapel, the occasion was on the whole one of the brightest and best that Berea remembers. More than 400 persons were present, representing every road that leads into Berea, several coming five or six miles.

In opening the meeting President Frost spoke of the old settlers and found that seven persons were present who had been in Berea before the Civil War, and over 100 who had been acquainted with Father Fee. Professor Felton led in prayer; Professor Montgomery gave a talk on Profitable Farming; Samuel Hanson spoke of Berea's early days; Judge Goodlow made a brief address on Berea's friendly neighbors; Miss Boatright brought a crowd of children to give a little exhibition in honor of Columbus day; Brother Knight made a report upon his extension trip through Eastern Kentucky; and Mayor Gay spoke upon the good roads movement, in which we are all interested.

The crowd then adjourned to the pavilion, where the burgoos prepared by Thompson and Easley was enjoyed with great gusto; and the

COLLEGE ITEMS

The College has placed new electric lights on Prospect street and at the head of Ellipse street making five great street lights which it now maintains.

Girls' Societies Anniversary.

An invited audience of the Upsilon Delta and Pi Epsilon Pi Literary societies was pleasantly entertained in the Upper Chapel last Wednesday night. An interesting program of readings, essays and orations was given. The closing feature was a farce entitled "six cups of chocolate" which was very well done. Miss Lucy Smith played the star part. The other ladies on the program were the Misses Henrietta Beecher, Nancy Huff, Grace Engle, Margaret Shumaker, Alice Case, Effie Ambrose, Margaret Disney, Carrie Spangler, Alice Donegan, Gettie Beem and Eolis Greenlee.

Old Time Religion.

The meeting of the Y. M. C. A. last Sunday night marked a change in the policy of the organization. Instead of having an address as the main feature of the service, the meeting was made an opportunity for prayer, testimony and song. Under the able leadership of Mr. Dexter Todd the meeting was a notable success. Everyone had the opportunity to express himself in prayer, song, testimony or Bible quotations. It is believed that throwing the management into the hands of the

DOCTOR COWLEY STARTS FOR ARIZONA.

Dr. Robert H. Cowley came to Berea as college physician in 1904, when the hospital work was done in the wooden building north of the printing office. He came with ample preparation, but has been diligently improving himself by periods of study in this country and abroad, and has become a great reliance to all the people of this region, notably raising the standard of medical practice throughout Eastern Kentucky. Before his coming to Berea, the Doctor suffered an infection in the Cleveland hospital which has given him repeated anxiety. A fresh and sudden manifestation of this old trouble has made it necessary for him to make an immediate change of climate.

Dr. Cowley and Mrs. Cowley are among the best beloved people in Berea. Their friendly ways, interest in every public improvement, generous assistance to all who are in misfortune have won all hearts; and we have admired the Doctor's talent and devotion. But most of all the Doctor is thought of as a Christian man, teacher of a Sunday School class, a spiritual as well as a medical comforter in many homes. The suddenness of the Doctor's departure has largely prevented the manifestation of the gratitude and affection which is felt in all hearts. His associates in the Faculty called at his door Tuesday noon to present money for the purchase of an Indian Pony, a rifle, or whatever other trappings may be needed on the Arizona ranch, and sang a farewell greeting which expresses the sentiment of countless friends.

"There is a scene where spirits blend,
Where friend holds fellowship
with friend;
Though sundered far, by faith
they meet
Around one common mercy seat."

The Doctor and his wife left for Arizona Wednesday evening at 4:46. A large part of the student body met them at the depot and gave them a cordial farewell.

The College has charge of Dr. Cowley's place, and will hold the house for the use of whoever may be elected as his successor. His property is not for sale.

D. Fred J. Eakins, who was selected by Dr. Cowley to assist him during the crowded Winter Term, as Dr. Rudolph did last year, is to come on immediately and attend to the needs of the students until a physician to succeed Dr. Cowley is elected.

ILLUSTRATED LECTURE BY MISS NEVILLE.

Miss Ninda Neville of Lexington, Secretary of the Society for the Prevention of Blindness, which has done so much for the treatment and cure of Trachoma and similar troubles through Eastern Kentucky, is to give an illustrated lecture in the College Chapel on Wednesday night, October 29th. The occasion will be one of great interest to citizens as well as students.

Students to Work Roads.

The saying that education makes men unwilling to perform manual labor was refuted last Tuesday when the young men of Berea College voted unanimously to respond to the Governor's appeal to work on public highways.

The only obstacle is the difficulty of finding enough tools, but by dividing the students into shifts this hindrance will be removed.

"Give us a shovel," was the cry of the college men as they passed out of chapel.

Reception for Miss Welch.

The College Department celebrated Miss Welch's birthday last Friday night. A reception was given in her honor at Ladies Hall. Miss Welch is a popular teacher of the Department and the occasion manifested the respect and love of the College students. That she might have many happy returns of the day was the wish of every member of the Department.

Sophomores Hayride.

The Sophomore class is the largest in the College Department and for that reason rather unwieldy. But last Thursday night sixteen of the class enjoyed a moonlight hayride. Miss Parker was the conductor and everyone had a good time.

This is the first of many good times the social committee of the class are planning.

NOTES

Very often when we say that a man is as stubborn as a mule we traduce the mule.

Hens are supposed to be honest, but they are frequently caught stealing a nest.

The prize-fighter may truly claim that he got his education in the school of hard knocks.

Chaffing-dish cooking does not go very far in recommending a girl as a thorough housekeeper.

Fine feathers never eat make fine birds—especially of the kind which the milliner puts together.

There is a good deal of pride nowadays. We saw some wheat the other day that was all puffed out.

It is always better to defer telling your neighbors what you think of him until he is a safe distance away.

Some folks interpret by and by as buy and buy, and as a consequence the wagon-house loft is full of trash.

Being on the fence is not so comfortable as it was in the days before the wire fence supplanted posts and rails.

A coat of paint on his barn is worth more to an American farmer than a coat of arms on his letter-heads.

Those who boast that they are persons of few words, are like a phonograph in repeating them over and over.—Farm Journal.
